Please READ THESE INSTRUCTIONS before attempting to use your new SmartShopper.

SmartShopper™

Quick Start Guide for Model #SS101

What's in the box?

- SmartShopper
- 3 Rolls of Paper
- Warranty Sheet
- Wall Mount Kit
- Quick Start Guide (what you are reading right now)

*One paper roll is pre-loaded in the unit

Setup Instructions

1. Insert Batteries
   - Open the battery door on the back of the SmartShopper by pressing on the release tab.
   - Insert 4 AA batteries (as shown) and close the battery door.
   *Note: SmartShopper will not adhere to stainless steel appliances

2. SmartShopper is now ready to use!
   - SmartShopper can be adhered to the fridge* (built-in magnets), attached to a wall (see mounting instructions below), or used on the countertop (rubber feet prevent it from sliding or scratching surfaces).

Wall Mounting Kit (Optional)

1. Insert 1 plastic moley and screw at eye level of the primary user
2. Insert the second moley and screw four inches directly below the first one (on an exact straight line)
3. Tighten both screws, leaving the head of each 1/4” out from the wall
4. Line up the SmartShopper holes on the back of the unit with the screws
5. Push the unit in toward the wall and down to lock into place

Troubleshooting

<table>
<thead>
<tr>
<th>Problem</th>

Inserting Paper Rolls

1. Open the printer door by pulling on the lip and holding the hinge with your thumb as shown.
2. Remove the used paper roll. Insert a new roll with paper dispensing over the top as shown.
3. Close the printer door. Be sure to leave 1/2 inch of paper exposed.

Instructions

General Use
Press ANY button to turn on SmartShopper. There is no “off” button. SmartShopper will automatically power down after 5 minutes of inactivity.
NOTE: Your grocery list will continue to be displayed even when SmartShopper is powered down.

Multiple List Option
Pressing the List button ([L]) to toggle between two lists. You can keep one or two lists at the same time for different people, different stores, etc.
NOTE 1: The list that is currently displayed is your active list. Functions performed will pertain to the list that is displayed. To switch lists, simply press the List button ([L]).
NOTE 2: When navigating through any menu, you can press the List button ([L]) to exit and return to your list.

Main Menu
You can access the main menu by pressing SELECT.

Naming Your Lists
You can rename your lists from 1 to 32.
From the main menu, choose “LibrarySettings” > “Rename Current List.”
2. Select your list and choose “Finish.” Your list is now renamed.
NOTE: See “Adding Custom Items to the Library” in this manual for instructions on how to input letters.

Grocery Item Booklet
The enclosed Grocery Item Booklet contains listings of all preprogrammed items. The listings are presented by category and in a separate alphabetical listing to allow for easy look-up.
If your unit does not recognize an item that you record, you should check the booklet to see if it is already pre-programmed.

Adding Items
1. On the list view screen, press RECORD and then select “ADD ITEMS TO LIST.”
2. Select the category for the item you wish to add. For example, select “FRUITS” if the item is a fruit.
3. Select the item from the list that appears on the screen. The item will be added to your current list.

Deleting Items
1. From the list view screen, select the item you wish to delete and press SELECT.
2. A confirmation screen will appear. Press SELECT (yes) to confirm.

Printing Your List
1. On the list view screen, press the PRINT button.
2. Your printed list will be automatically organized into shopping categories.

Additional Features

Designating Item Quantity
You can change the quantity of an item in your list by highlighting the item, then choosing “Change Quantity” from the main menu.

1. Press RECORD to toggle between different types of lists (e.g., keep, leave, etc.)
2. Press UP or DOWN to change the quantity.

Flagging Coupons
You can flag an item in your list that you have a coupon for by highlighting the item in the list view and then choosing “Add/Remove Coupon” from the main menu.
A coupon icon will be displayed next to the item in the list. The item’s coupon icon will print next to the item when you print the list.
If you wish to remove the coupon, highlight the item in the list view and then choose “Add/Remove Coupon” from the main menu.

Help/Timer
1. Press the “Help/Timer” button from the main menu, choose “Cooking Timer,” and then choose “Cooking Times.”
2. Use the arrows to increase or decrease the time.
3. Press SELECT to start the timer.

Restoring Defaults
You can reset Smartshopper to its original factory settings.
1. From the main menu, choose “LibrarySettings” > “Library Migration.”
2. A confirmation screen will appear. Choose “Yes” to confirm.
3. If you wish to change the library, choose “No” to cancel.

Settings
You can adjust the speaker volume, headphone volume, and screen orientation through the Settings menu.

View Library
You can view the library of items programmed in SmartShopper.
1. From the main menu, choose “LibrarySettings” > “Library Migration.”
2. Choose to view the library by category.
3. Press UP or DOWN to browse the list of items.
